Long-Lasting Immunization Expected From 'Live Virus'

ATLANTIC CITY, N.J. (AP) — A Cincinnati scientist looks forward to long-lasting immunization against polio through the use of vaccine containing live virus.

Dr. Albert E. Sabin, who conducted experiments in which live-virus vaccine was swallowed by 30 volunteer reformatory prisoners, told the Association of American Physicians yesterday it might be a long time before a workable vaccine of that type can be achieved.

In his report to the association, Sabin said the prisoners who received the vaccine containing live polio strains developed virus-blocking antibodies.

The news came on the heels of the success of the Salk antipolio vaccine, which used a killed germ and must be injected.

Dr. Hari Van Riper, medical director of the National Foundation for Infantile Paralysis, which financed Dr. Sabin's work, said it is still too early to determine effectiveness of the new vaccine.

Thus, he said, there could be no comparison of the Salk and Sabin vaccines.

Sabin conducted experiments for many years but in latter months gave the live vaccine to 30 volun-

A. DALE KNOUSE WILL CONDUCT OFFICIAL COUNT

Associate Judge A. Dale Knouse will supervise the official count of the primary election, it was learned today.

The count will begin Friday noon, May 20. Judge Knouse will name the clerks who will carry out the count under his supervision.

Under state law, the official count is handled by the county commissioners acting as the election board except when the commissioners are candidates, as two of them are at the present primary.

When the commissioners are candidates the count is supervised by the court. In this case both Judge W. C. Sheely and Associate Judge George P. Taylor are candidates, thus leaving Judge Knouse as the only member of the court eligible to make the count.

Court House attendants said they believe this is the first time in the county's history that the count will have been carried out under the supervision of only one associate judge.

Judge Gross Here

Judge Harvey Gross of York, will conduct the Adams County court on Primary election day, May 17, following a custom of years' standing. Judge Sheely, who normally presides in Fulton County court at primaries and elections, has disqualified himself because he is a candidate and Judge E. A. Gearhart, Allentown, will be in Fulton County on primary day.

Both Judge Gross and Judge Gearhart are available for duty because both are orphans' court judges, and thus are not required but have the authority to sit at primary and election day courts.

YORK SPRINGS AREA TOURED BY HISTORIANS

Members of the Adams County Historical Society on their first field tour of the season Tuesday evening visited the two-centuries old Christ Church (Episcopal) burial ground northeast of Heidlersburg, the present Christ Church in York Springs and the site of Adams County's first summer resort, York Sulphur Springs.

The first stop was made at the present Christ Church building in York Springs, now under the care of the Gettysburg parish which holds services there once yearly. The parish in the York Springs or Huntingdon area was founded in 1743 by the Rev. George Craig, a priest of the Church of England working under the auspices of the Society for the Propagation of the Faith in Foreign Parts.

Records show the first log church was erected about 1760 under oaks that still stand in the burial ground two miles northeast of Heidlersburg. A weatherboard church was erected there next and then about 1831 or 1836 the brick church in York Springs was built.

The historians visited the old brick place of worship with its horseshoe-shaped pulpit and reading stands and two Peter Ege cast iron stoves made in Pine Grove Furnace. A sketch of the first log church hangs on the wall overlooking the narrow, straight-backed pews closed on the aisles with doors.

William F. Shook Jr., York Springs R. 2, told the society that the church was used regularly through 1808 when it fell into disuse with the formation of the Gettysburg parish. An Indian-fighting parson, Rev. Thomas Baron, was an early pastor of the Huntingdon Episcopal parish. The annual service in the York Springs church is held in August or September, Mr. Shook said.

The tour moved next to the York Sulphur Springs site, a mile from York Springs on the Hanover Rd., where the group stood at the site of the once pretentious watering place while Dr. Frederick Tilberg, the society's program chairman, read a history of the resort written by the late Mrs. Maude Wierman Kennedy.

Her paper reported two visits to (Continued On Page 2)

The will leaves most of her household furnishings and personal effects to her son, and provides that the remainder of her estate, after payment of debts and taxes, is to be held in trust for her grandson, Edward S. Plank III, "to be used for educational purposes."

Mrs. Plank, the widow of baseball pitcher "Eddie" Plank, died April 28 at the age of 73.

WOMAN'S HANDS CUT AND BURNED IN HOME BLAZE

Mrs. John Roy Diehl Jr., York Springs, was reported in a satisfactory condition in the Warner Hospital today where she is recovering from severe cuts and burns of both hands and forearms and loss of blood following a fire at her home Tuesday noon.

Mrs. Diehl was preparing the noon meal at her home in York Springs when she left the kitchen briefly, returning to find a pan of grease ablaze on the electric stove. She carried the flaming container out of doors but found curtains and a window frame near the stove in flames.

Screaming for help and with her five-year-old son adding his voice to her cries, she attempted to beat out the flames with her hands, suffering cuts and burns as she did so. She also threw water on the fire.

Her screams were heard by children going home from school and they called a neighbor, Mrs. Ralph Golden, who found Mrs. Diehl bleeding badly but continuing her efforts to put out the flames. Putting out the fire, Mrs. Golden left to telephone for a physician but Mrs. Diehl wrapped her hands in emergency bandages and started for the doctor's office on foot. At Nell's Mill a customer gave her a "lift" to the office of Dr. William Fickinger, York Springs. Mrs. Diehl was treated there for cuts and burns and a left wrist artery was sutured quickly to prevent further loss of blood. When bleeding continued, she was taken to the Warner Hospital by ambulance and submitted to surgery for the removal of glass fragments located by X-ray.

Mrs. Diehl is the daughter of Mr. and Mrs. Harry Dickson with whom the Diehls reside.

SEMINARY WEEK OPENS TODAY; TO END ON FRIDAY

A lecture by Dr. Jacob Heikkinen of the seminary faculty on "Interpreting the New Testament in the Mid-Twentieth Century" opened the 30th annual Seminary Week this morning on the campus of the Gettysburg Lutheran Theological Seminary. Events continue through Friday morning.

"We should find today in the New Testament a new world, a new creation, a new life together," Dr. Heikkinen asserted in his 9 o'clock lecture in the Church of the Abiding Presence. "We find through diligent study the Kingdom of Grace and Truth in Jesus Christ. As we read it and search out its meaning should we not do so with our consciences?" he asked. "To be ourselves, to find strength in courage, let us recall the words of Luther when he stood alone before the mighty of this world and said: 'My conscience is captive to the Word of God.'"

Dr. Paul W. Hoon, professor of pastoral theology at Union Theological Seminary, delivered the first of the five Zimmerman lectures on effective preaching this morning in the Church of the Abiding Presence. The general title of Dr. Hoon's lectures is "The Homiletical Meaning of the Johannine Epistles." This morning's lecture was "Preaching the Word of Life."

Long-Lasting Immunization Expected From 'Live Virus'

ATLANTIC CITY, N.J. (AP) — A Cincinnati scientist looks forward to long-lasting immunization against polio through the use of vaccine containing live virus.

Dr. Albert E. Sabin, who conducted experiments in which live-virus vaccine was swallowed by 30 volunteer reformatory prisoners, told the Association of American Physicians yesterday it might be a long time before a workable vaccine of that type can be achieved.

In his report to the association, Sabin said the prisoners who received the vaccine containing live polio strains developed virus-blocking antibodies.

The news came on the heels of the success of the Salk antipolio vaccine, which used a killed germ and must be injected.

Dr. Hart Van Riper, medical director of the National Foundation for Infantile Paralysis, which financed Dr. Sabin's work, said it is still too early to determine effectiveness of the new vaccine.

Thus, he said, there could be no comparison of the Salk and Sabin vaccines. Sabin conducted experiments for many years but in latter months gave the live vaccine to 30 volun-

REPLY FILED IN COMMISSION DISPUTE HERE

A dispute over real estate commissions was advanced a step further Tuesday afternoon, when Emmett R. Woods, Carlisle, filed a reply with the prothonotary, to the new matter which Philip J. Miller, R. 4, had cited in his answer to Woods' original suit.

Woods filed an action in assumption March 22, claiming that he had sold an Adams County farm and a Cumberland County property for Miller as per an oral agreement, and that Miller refused to pay him the commissions, which totaled \$1,525 on the two properties, and asked for a judgment of this sum plus interest.

Miller filed his reply April 11, in which he admitted that there had been an oral agreement, but stated that Woods was not to receive a commission on \$2,000 of one of the sales, as it consisted of personal property and not real estate. He also claimed that according to the agreement, Miller took two Cumberland County properties in return for the Adams County farm, and that Woods had agreed not to accept any commission until both of these had been sold, and, furthermore, that Woods, in asking for a commission on both sales, was in effect asking for two commissions on the same transactions.

Woods denies these issues. He claims that, according to the agreement, the personal property was included as an inducement to the sale, and that it was understood that the commission was to include the percentage on this property. He specifically denies that he was not to accept any commission until all properties were sold, and that according to the agreement, he was to receive a commission on the sale of both the Adams County farm and the Cumberland County property.

During the heavy tourist months of June, July and August, Lawler said, the tourist business amounted to 97 million dollars.

The survey, conducted in cooperation with the U. S. Bureau of Roads, showed some 57 per cent of out-of-state tourists crossed the state without stopping for lodging.

INDICTED AT CARLISLE

Richard Nelson, Gardners R. 1, was indicted in Cumberland County Court, Carlisle, Monday on two counts of contributing to the delinquency of a minor.

A. DALE KNOUSE WILL CONDUCT OFFICIAL COUNT

Associate Judge A. Dale Knouse will supervise the official count of the primary election, it was learned today.

The count will begin Friday noon, May 20. Judge Knouse will name the clerks who will carry out the count under his supervision.

Under state law, the official count is handled by the county commissioners acting as the election board except when the commissioners are candidates, as two of them are at the present primary.

When the commissioners are candidates the count is supervised by the court. In this case both Judge W. C. Sheely and Associate Judge George P. Taylor are candidates, thus leaving Judge Knouse as the only member of the court eligible to make the count.

Court House attendants said they believe this is the first time in the county's history that the count will have been carried out under the supervision of only one associate judge.

Judge Gross Here

Judge Harvey Gross of York, will conduct the Adams County court on Primary election day, May 17, following a custom of years' standing. Judge Sheely, who normally presides in Fulton County court at primaries and elections, has disqualified himself because he is a candidate and Judge E. A. Gearhart, Allentown, will be in Fulton County on primary day.

Both Judge Gross and Judge Gearhart are available for duty because both are orphans' court judges, and thus are not required but have the authority to sit at primary and election day courts.

Members of the Adams County Historical Society on their first field tour of the season Tuesday evening visited the two-centuries old Christ Church (Episcopal) burial ground northeast of Heidlersburg, the present Christ Church in York Springs and the site of Adams County's first summer resort, York Sulphur Springs.

The first stop was made at the present Christ Church building in York Springs, now under the care of the Gettysburg parish which holds services there once yearly. The parish in the York Springs or Huntington area was founded in 1748 by the Rev. George Craig, a priest of the Church of England working under the auspices of the Society for the Propagation of the Faith in Foreign Parts.

Records show the first log church was erected about 1760 under oaks that still stand in the burial ground two miles northeast of Heidlers

HOPE IKE MORE ACCURATE THAN TRUMAN IN HIS PEACE GUESSES

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — President Truman and Eisenhower both reached a point in their White House stay where things began to look a little better to them around the world.

Truman guessed wrong, and remained in office long enough to find it out. Eisenhower has 21 months of his term left. That should be long enough to tell whether his present careful optimism is justified.

When Truman faced reporters April 13, 1950, he had been in office five years and one day. In those five years, in which the wartime allies had split and the cold war had begun, this country had taken a number of steps to stop the spread of communism.

Peace Prospects Brightened
It had armed Greece and Turkey; it had created the Marshall Plan to get Western Europe back on its feet and it was succeeding and it helped set up the North Atlantic Alliance.

But communism had spread nevertheless: after taking over the satellites, the Communists got Czechoslovakia and the Chinese Communists, late in 1949, took over China.

Nevertheless, the Truman administration was cutting down its military spending and on April 13, 1950, the President told newsmen the prospects for peace looked better than at any time since the cold war started in 1946.

War Came In Korea
Then in June the United States was in war in Korea and remained in war for the rest of Truman's term.

The Eisenhower administration, explaining its increased reliance on new weapons, is cutting down the size of the armed forces although Gen. Matthew B. Ridgway, Army chief of staff, has taken a gloomy view of Army reductions.

On military spending Truman and Eisenhower faced the same problem: the country couldn't afford to stay fully mobilized indefinitely. Both men sought a middle ground.

Maybe Ike's Nearer Right
Last week Eisenhower told a news conference, "I confess I have

the springs by George Washington and historians in the group admitted there was "a strong possibility" that the information was correct although only two Washington visits to the county have ever been historically established. Mrs. Kennedy's paper said Washington visited there in 1774 and again in the last year of his life, in 1799, when a reception was staged there in his honor.

Folk from Baltimore and Philadelphia came by the hundreds by stage coach to York Sulphur Springs which thrived until the coming of the railroads in the middle 19th century. Madame Jerome Bonaparte was a guest there in the days when the main building that could house 150 guests stood on the present site of the D. Kenton Gardner home.

One of the chief attractions was the very unpalatable but highly medicinal water from the spring.

Going finally to the old Episcopalian cemetery, cleared of brush last month by the Junior Historians of Gettysburg High School, the historical society group saw the grave of a Thomas Wood who died at the York Sulphur Springs Hotel in 1813. There are graves of three Revolutionary War soldiers there, still marked by flags placed last May 30. History of the burial ground and its churches was recounted by J. M. Sheads, former president of the society and advisor of the Junior Historians' group at the high school. The earliest grave noted was dated 1748. Few burials occurred there in the last century.

About 20 made the tour which left Gettysburg at 6 p.m. Dr. Tilberg announced plans for a Buchanan Valley tour in June.

New Oxford COUNCIL HAS TO MAKE LOAN TO PAY BILLS

New Oxford borough authorized Council President Fred G. Klunk and Secretary C. P. Keefe to borrow sufficient money at the Farmers and Merchants Bank of New Oxford to "pay the bills for the month of May" at its meeting Monday evening in the New Oxford fire hall.

The town, it was pointed out, generally operates on a tight budget, sometimes requiring borrowings, until tax revenue begins to arrive later in the year. The report of Treasurer John M. Acker for April showed that New Oxford began the month with a deficit of \$112.19 and ended the month owing \$362.41.

Receipts during April were listed as \$1,862.54 from water rents; \$101.84 from 1954 tax; \$40 from fines, and \$51 from miscellaneous sources. Total income was \$1,955.32, while expenses totalled \$2,203.54.

Name Health Board Member

H. Bender Millar, tax collector, reported \$360 in 1954 taxes outstanding and asked exonerations amounting to \$346 representing mostly occupation taxes of persons who are deceased or who have moved from the community. The exonerations were granted.

Philip E. Alwine was appointed as a member of the board of health for a two-year term.

Work on the construction of a water line to the Brethren Home at Cross Keys was reported and "about 350 feet of line has been laid and tested." The property committee was asked to have the roof at the water plant repaired immediately. Action on the repair has been delayed, it was reported, because of

wago Creek through the filter center at New Oxford. It has been estimated that the entire project will cost in the neighborhood of \$15,000. Two hydrants will be placed along the main stretch to control and drain the pipes when needed.

The pipe being used by the workmen is a line about six inches in diameter and varies in length from 9 to 13 feet. Various lengths of pipe must be used if the case should arise that the path of the excavating would meet a culvert or other barrier that would mean lower depths and shorter pipes in order to continue with the work. The work on the project has now been completed about a sixth of the required distance.

Disbarred Lawyer Wins Reinstatement

PHILADELPHIA (AP)—Former U. S. Commissioner Norman J. Griffin, convicted of conspiring to defraud the government in 1948, was reinstated to practice before the Pennsylvania Supreme Court yesterday.

He was released from Lewisburg, Pa., federal penitentiary after serving six months of a year and a half prison sentence. Since his parole

he has been operating a lawyer's service.

Griffin also has petitioned the Common Pleas Court here for reinstatement and a hearing has been set for May 19.

All members of the class will attend a church of their choice Sunday morning.

START WORK ON NEW WATER MAIN MONDAY

Work began Monday on the new water main route along the Lincoln Highway to the Brethren Home from the borough line of New Oxford. The stretch covers one mile and a tenth.

Two weeks ago, the construction crew of four men, under the supervision of Lawrence Bevenour, foreman, began work under the main road, to link up the proposed lines with the community pipes. Excavation work on the project is being handled by R. S. Resh, Excavating and Trenching Co., 206 South Street, McSherrytown.

The work is expected to be completed within a three-week period. The crew is working on a 500-feet-of-pipe-per-day schedule. The pipes are made of cement and asbestos. This type of piping is used for underground use mainly because it is easy to handle and will resist rust and corrosion. The water will be supplied through the Little Cone-

Today's Talk

LOST PEOPLE

How many times I have seen an animal wandering about, with no ideas prompting it to a safe place or to the spot it may know as home. We human beings have a similar experience every now and then. It's a case of being lost.

Many years ago I visited the famous Edward Bok Tower and sanctuary at Lake Wales, Florida. It is a beautiful memorial to the high-minded editor who built one of the most notable of magazines, The Ladies' Home Journal. But what I can't forget is seeing a sign in the sanctuary, among the flowers, which said: "I come here often to find myself. It is so easy to get lost in the world." The one who wrote this beautiful sentiment was John Burroughs, the naturalist. A reader sent this to me, neatly painted on a leather design. It hangs over the log fireplace at my Nova Scotia island retreat.

I read an interesting comment on the Billy Graham meetings by Ernie Hill. He said: "Thousands of the people who come to hear him are lonely, disillusioned and in need of something around which to build their lives." They are lost people trying to find a way to a happier life. Billy Graham has been giving to these people a road map with Faith pointing out the roads to take. We travel hopefully when we are convinced that we are not lost! Unless we have some sort of guidance we can be in a very bad way. Lost people get confused. They worry. They do not always think of the obvious thing to do, which varies according to the circumstances. Lots of people get lost inside of themselves. If they would get out in the open and look about them, they might immediately wake up to find that they were really in the midst of their friends! Not lost at all. More and more as we wend our way through life, we need the guidance of our Heavenly Father. "It is so easy to get lost in the world."

Just Folks

MAN'S GAVE NO PROBLEM
Twist man's and woman's vast dominion.

There is a difference of opinion. A lady frets when this occurs: Another in a dress like hers.

She'll frown (you can depend upon it)

Should some one buy the self-same bonnet.

But as for me, I wouldn't care Should hats like mine a million wear.

Life has grave problems to perplex us.

And trials various that vex us.

But I don't worry or repine When some friend buys a suit like mine.

When men appear black-tied and coated,

They're dressed alike, as can be noted.

But women suffer real distress When two select the self-same dress.

Will Practice Judging

Naugle reported plans to practice judging on the part of the county 4-H dairy club members this summer. Attinger said that the county round-up for the Baby Beef Club will be held November 8, followed by participation in the district 4-H Baby Beef roundup November 9 and 10 at Lancaster.

Attinger also reported that two ornamental horticulturists from Pennsylvania State University visited the county to provide information in connection with ornamental plantings on farms, homes and some churches and to visit the greenhouses of the county to give such information as needed by that group.

County Agent Frank Zettie reported that the "Farm and Home Planning" group will hold its final meeting tonight.

Discuss All Programs

Zettie said the experimental unit, first of its kind in the county, had "proved very successful." The unit consisted of five couples who in a series of six meetings discussed every phase of the farm and home development programs to determine "what we want and how to get it." The final meeting, tonight at the Adams Electric Cooperative building, will summarize the sessions and also take up the question of economical use of machinery on the farm.

Zettie reported that the brucellosis test in Highland Twp. showed only a 3.8 per cent infection which he described as "a very good report."

Call For Advice

Reports at the meeting indicated that farmers in greatly increasing numbers are telephoning the county agent's office for advice. The two weeks long rainy spell which upset fruit spray schedules and the interest in combating spittle bug and alfalfa weevil has accounted for much of the additional telephone use. Zettie estimated. The three county agents said they plan to work out a schedule by which one of them will be in the office at all times to handle the volume of phone calls.

Myles Starnes and Mrs. Emory Gitt reported on a recent extension conference attended by them at Lancaster. Starnes also reported on the IPYE program that will bring four young men from India here this week.

Howard Wright spoke on the new county organizational set up of the artificial breeding cooperative.

Next meeting of the group will be held June 24 at the home of Mrs. Howard Schwartz, Barlow.

Pirates Shut Out Milwaukee 4-0 For Third Straight Win; Proving To Be "Nuisance Kids" Of N.L.

By WILL GRIMSLEY
The Associated Press
Branch Rickey's Pittsburgh "Fuzzy Kids" are now the "Nuisance Kids" of the National League.

While the haughty New York Giants and Milwaukee Braves are trying to maintain complete calm in the face of continuing reverses, the headless Pirates are kicking up sawdust all over the place. They have won three games in a row, and four of the last five. They're playing as if they really believe in Rickey's five-year plan, which had 1955 fixed as the date for the pennant.

Young And Brash
Of course, nobody seriously expects a pennant from Pittsburgh this soon. But they can expect surprises. The Pirates are young and brash—and winning.

Last night, a 29-year-old Baltimore castoff, Dick Littlefield, shut out the Milwaukee Braves on seven hits 4-0, stretching the Braves' string of scoreless innings to 22. The Braves dropped seven full games back of the idle Brooklyn Dodgers and their only comfort was that the champion New York Giants were still another full game farther back.

Cubs Shutout Giants
The Giants were whitewashed by the Chicago Cubs' Bob Rush, who fashioned a tidy four-hitter. Bob Speake and Dee Fondy, with three triples between them, battered the Giants' ace Jim Hearn. The score was 6-0.

In the only other National League game, big Ted Kluszewski hit two of Cincinnati's home runs to down the Philadelphia Phillies 7-5.

In the American League, the Cleveland Indians whipped the New York Yankees 7-4 in their first head-to-head clash of the season. The Indians thus managed to hold their slender half-game league lead over the pressing Detroit Tigers, who topped the Boston Red Sox 4-2 on a two-run homer by the 20-year-old sensation Al Kaline.

A's Beat Orioles
Billy Hoelt won his third straight for the Tigers.

The Kansas City Athletics beat the Baltimore Orioles 4-3 on a three-run homer by Bill Wilson in the eighth inning. The Chicago White Sox trimmed the Washington Senators 5-3.

Littlefield gave the Pirates their third straight top-flight pitching performance in beating the Braves. Ronnie Kline and young Bob Purkey did a similar workmanlike job on the St. Louis Cardinals earlier this week. There's not a player in the regular Pittsburgh lineup who has reached 30 years old.

Muff By Yogi
Bob Rush kept the Cubs on Brooklyn's neck, but 5½ games back in second place, with a masterful pitching performance. Don Mueller, with a double and a single, and Monte Irvin, with two singles, were the only Giants to hit him and Mueller was the only one to get as far as second—with his double in the ninth.

Catcher Yogi Berra proved the "moat" of the Yankees loss to Cleveland. With the score tied 4-4 as the result of homers by Cleveland's Al Smith and Ralph Kiner and the Yanks' Mickey Mantle, Yogi muffed a throw-in which led to three unearned runs. Mike Garcia was the winning pitcher, Ed Lopat the loser.

At Kansas City, Wilson's three-run homer in the eighth saddled the Pirates. Baltimore right-hander, with his third defeat.

NEW HORSE RACE BETTING BILL TO BE PRESENTED

By JOHN KOENIG JR.
HARRISBURG (P) — The 1955 drive to win legalization of horse race betting in Pennsylvania will be repeated next week with introduction of a new bill by Sen. Joseph J. Yocco (D-Northumberland). Yocco, who believes the majority of people want legalized horse race betting, reported that his new bill now is being drafted for presentation to the Senate.

This time, the proposed legislation will call directly for establishment of three tracks to be run on a state monopoly basis just as it is the case with liquor stores.

The latest racing bubble burst on March 24 when a betting referendum bill fell four votes short of passage in the Senate.

Although the measure would not have set up a race track system—calling merely for a vote by the

Bill Limits Antlerless Hunting Season Every 3 Years; Has Much Support

HARRISBURG (P) — The state Game Commission would be barred from holding more than one antlerless deer hunting season every three years under provisions of a bill submitted to the House with bipartisan support.

"Not only would this system give the button bucks a chance to grow, but it also would alleviate the condition that has existed in previous years when the commission issued an insufficient number of special doe permits," said Rep. Harris G. Breth (D-Clearfield).

Breth, chairman of the House Conservation and Wild Life Committee to which the proposal was referred, co-sponsored the bill.

At present the commission can call for special antlerless deer seasons yearly. The decision on whether to conduct one is based on proper management of the state deer herd. There was no antlerless season in 1954 and the commission has made no decision for this fall.

Open seasons on doe were held for five years prior to last season. At the same time the committee passed and sent to the floor for action three measures pertaining to hunting licenses, game protectors and the archer's deer season.

One would have the state Revenue Department issue all hunting permits beginning this fall. At present some 1,800 special agents, usually located in hardware or sporting goods stores, and county treasurers sell resident hunting licenses.

Cut Cost Of Permits
The bill, sponsored by Breth and Rep. Maurice L. Banker (R-Huntingdon), ranking GOP member of the committee, would cut the cost of resident permits 15 cents to \$3.00 a year beginning with the 1957-58 hunting season.

Another bill gaining committee approval would rename game protectors "wild life officers."

The third would make legal deer hunting hours or orchers only 6 a.m. to 5:30 p.m. in a move to equalize daylight hunting hours. The archer's season is normally held in October when the sun rises earlier than in December, the month of the regular deer hunt.

Eastern League

By THE ASSOCIATED PRESS
The Binghamton Triplets took over first place in the Eastern League today with a wary glance at a bustling new challenger—the Williamsport Grays.

Ray Lindquist's three-run homer in the ninth inning last night gave the Triplets their fifth straight victory, 5-4. It tumbled Reading from the top rung for the first time. The loss was the Indians' fourth in a row and dropped them a full game behind.

Manager Larry Shepard's Grays, drubbing visiting Albany, 8-2, for their fourth straight triumph, moved into undisputed possession of the third spot, 1½ games off the pace. Ben Malcolm pitched no-hit ball over the last eight innings after the Senators had scored their two runs on three hits in the first.

Wilkes-Barre bounced host Schenectady, 4-3, and visiting Allentown downed Elmira, 7-3, in other league games.

Paul Richards, Baltimore Orioles: "I've talked all around our league and with Cincinnati and Brooklyn in the other in hopes of making a trade. Now we've got to see what will come of it. Bullets, Warriors In Home Games Thursday; GHS Track Team At York For Dual Meet

Local baseball fans will have the choice of a pair of home games Thursday afternoon, the Gettysburg College Bullets meeting Lehigh at 3 o'clock and the Gettysburg High Warriors entertaining Hanover at 3:30.

A busy week for the college nine gets underway with the Lehigh contest. Georgetown University will be here Friday at 3 p.m. and on Saturday the Bullets journey to Lancaster to meet Franklin and Marshall.

Lefty Joe Foulk is expected to be Coach "Hen" Bream's pitching selection against the Engineers while Joe Bierly will probably face the Hoyas, Friday.

The Bullets will be out to rebound after suffering a 10-5 setback at Penn State. At present the team has a 5-2 record with one tie.

Hawks Title Defenders
Gettysburg High, winner of three straight after losing their opening game, will be meeting the defending South Penn League champions when they engage Hanover.

The Nighthawks, with practically an entire veteran team, defeated Chambersburg 10-2 and lost to Shippensburg 1-0 in previous league games.

Coach Howard Shoemaker's Warriors nipped Chambersburg 5-2 in their only league game to date. Glenn Hartzell will probably draw the pitching assignment for the locals.

The Gettysburg High School track squad will go to York for a dual meet with the York High Bearcats Thursday at 3 p.m.

So far this season the Warriors defeated Westminster and Chambersburg in dual meets, and Hanover and Waynesboro in a triangular affair.

Pirates Shut Out Milwaukee 4-0 For Third Straight Win; Proving To Be "Nuisance Kids" Of N.L.

By WILL GRIMSLEY
The Associated Press
Branch Rickey's Pittsburgh "Fuzzy Kids" are now the "Nuisance Kids" of the National League.

While the haughty New York Giants and Milwaukee Braves are trying to maintain complete calm in the face of continuing reverses, the bearded Pirates are kicking up sawdust all over the place.

They have won three games in a row, and four of the last five. They're playing as if they really believe in Rickey's five-year plan, which had 1955 fixed as the date for the pennant.

Young And Brash
Of course, nobody seriously expects a pennant from Pittsburgh this soon. But they can expect surprises. The Pirates are young and brash—and winning.

Last night, a 29-year-old Baltimore castoff, Dick Littlefield, shut out the Milwaukee Braves on seven hits 4-0, stretching the Braves' string of scoreless innings to 22.

The Braves dropped seven full games back of the idle Brooklyn Dodgers and their only comfort was that the champion New York Giants were still another full game farther back.

Cubs Shutout Giants
The Giants were whitewashed by the Chicago Cubs' Bob Rush, who fashioned a tidy four-hitter. Bob Speake and Dee Fondy, with three triples between them, battered the Giants' ace Jim Hearn. The score was 6-0.

In the only other National League game, big Ted Kluszewski hit two of Cincinnati's home runs to down the Philadelphia Phillies 7-5.

In the American League, the Cleveland Indians whipped the New York Yankees 7-4 in their first head-to-head clash of the season. The Indians thus managed to hold their slender half-game league lead over the pressing Detroit Tigers, who topped the Boston Red Sox 4-2 on a two-run homer by the 20-year-old sensation Al Kaline.

A's Beat Orioles
Billy Hoelt won his third straight for the Tigers. The Kansas City Athletics beat the Baltimore Orioles 4-3 on a three-run homer by Bill Wilson in the eighth inning. The Chicago White Sox trimmed the Washington Senators 5-3.

Littlefield gave the Pirates their third straight top-flight pitching performance in beating the Braves. Ronnie Kline and young Bob Purkey did a similar workmanlike job on the St. Louis Cardinals earlier this week. There's not a player in the regular Pittsburgh lineup who has reached 30 years old.

Muff By Yogi
Bob Rush kept the Cubs on Brooklyn's neck, but 5½ games back in second place, with a masterful pitching performance. Don Mueller, with a double and a single, and Monte Irvin, with two singles, were the only Giants to hit him and Mueller was the only one to get as far as second—with his double in the ninth.

Catcher Yogi Berra proved the "goat" of the Yankees loss to Cleveland. With the score tied 4-4 as the result of homers by Cleveland's Al Smith and Ralph Kiner and the Yanks' Mickey Mantle, Yogi muffed a throw-in which led to three unearned runs. Mike Garcia was the winning pitcher, Ed Lopat the loser.

At Kansas City, Wilson's three-run homer in the eighth saddled Irv Palica, Baltimore right-hander, with his third defeat.

NEW HORSE RACE BETTING BILL TO BE PRESENTED

By JOHN KOENIG JR.
HARRISBURG (AP) — The 1955 drive to win legalization of horse race betting in Pennsylvania will be renewed next week with introduction of a new bill by Sen. Joseph J. Yosko (D-Northumberland). Yosko, who believes the majority of people want legalized horse race betting, reported that his new bill now is being drafted for presentation to the Senate.

This time, the proposed legislation will call directly for establishment of three tracks to be run on a state monopoly basis just as is the case with liquor stores.

The latest racing bubble burst on March 24 when a betting referendum bill fell four votes short of passage in the Senate.

Although the measure would not have set up a race track system—calling merely for a vote by the

Tight pitching duels marked the three games played in the Adams County Scholastic Baseball League Tuesday afternoon.

Undefeated Biglerville was held to two hits but managed to squeeze out a 3-2 victory over invading East Berlin for the Canners' fifth straight league triumph. Dick Allison's outfield hit tied the game in the last of the fifth inning to clinch the decision. East Berlin pined six hits but could not bunt them at the proper time.

Russ Sohlmeitner's New Oxford team tallied twice in the last of the sixth inning to break a 1-1 tie and triumph 3-1 over Fairfield on the New Oxford diamond. Wiseman tripled in the sixth and scored on Spangler's long fly to right field. Little doubled and went to third as Snyder reached first on an infield miscue. Little then streaked home on a double steal with Snyder.

In another tight game which saw each team collecting but three hits, Littlestown edged Newville 3-1 at Littlestown. The Bolts secured all of their runs in the fourth frame while Newville tallied in the sixth to prevent a shutout.

A meeting of the league was held Tuesday evening at Biglerville at which it was decided to postpone the league playoffs until May 19 and 20 in order to allow more time for schools to make up postponed games. Today's scheduled game between York Springs and Fairfield at Fairfield has been postponed and will be re-scheduled for a later date.

people on whether they want legalized betting—it was the closest that racing advocates have come to victory in many years.

Other Bills Settled
A number of horse race betting bills have been introduced in the House this year also but all remain bottled up in committee.

Yosko said that he would have no objection should his bill be amended to put the proposed race tracks under private ownership rather than state.

"I am satisfied from surveys I have made that the people of Pennsylvania are in favor of some sort of racing bill," Yosko said.

He gave these three reasons for favorable sentiment:

1. Racing is a popular sport.
2. It would give the commonwealth some much needed revenue.

3. It would benefit general business in the area surrounding race tracks.

Yosko said he believed betting would have been approved by the voters had the referendum bill been approved by the legislature.

"Those who opposed the referendum were afraid of that very thing," he said.

Bill Limits Antlerless Hunting Season Every 3 Years; Has Much Support

HARRISBURG (AP) — The state Game Commission would be barred from holding more than one antlerless deer hunting season every three years under provisions of a bill submitted to the House with bipartisan support.

"Not only would this system give the button bucks a chance to grow, but it also would alleviate the condition that has existed in previous years when the commission issued an insufficient number of special doe permits," said Rep. Harris G. Breth (D-Clearfield).

Breth, chairman of the House Conservation and Wild Life Committee, to which the proposal was referred, co-sponsored the bill.

No Restrictions Now
At present the commission can call for special antlerless deer seasons yearly. The decision on whether to conduct one is based on proper management of the state deer herd. There was no antlerless season in 1954 and the commission has made no decision for this fall.

Open seasons on doe were held for five years prior to last season. At the same time the committee passed and sent to the floor for action three measures pertaining to hunting licenses, game protectors and the archer's deer season.

One would have the state Revenue Department issue all hunting permits beginning this fall. At present some 1,800 special agents, usually located in hardware or sporting goods stores, and county treasurers sell resident hunting licenses.

Cut Cost Of Permits
The bill, sponsored by Breth and Rep. Maurice L. Banker (R-Huntingdon), ranking GOP member of the committee, would cut the cost of resident permits 15 cents to \$3.00 a year beginning with the 1957-58 hunting season.

another bill gaining committee approval would rename game protectors "wild life officers."

The third would make legal deer hunting hours or others only 6 a.m. to 5:30 p.m. in a move to equalize daylight hunting hours. The archer's season is normally held in October when the sun rises earlier than in December, the month of the regular deer hunt.

MRS. EARLE MACK DIES SUDDENLY
PHILADELPHIA (AP)—Mrs. Earle T. Mack (McGillivuddy), 64, wife of the part owner of the former Philadelphia Athletics baseball team, died unexpectedly yesterday after suffering a cerebral hemorrhage.

Mrs. Mack, daughter-in-law of Connie Mack, owner of the A's until their transfer to Kansas City, was a native of Morgantown, N.C. Her father, the late Thomas Cain, was city manager of Morgantown. Burial will be in Morgantown.

Getting Some Hits Now
Dick Littlefield, castoff American League southpaw, pitched the Pirates to their fourth win in their last five starts last night as he gave up just seven hits in hurling a 4-0 shutout over the Milwaukee Braves.

"Beside our pitching we're starting to get some hits when we need them," said Haney. "George Preese, our rookie third baseman, is coming through with the long ball and so are some of the other fellows."

Freese is hitting at a .333 clip, the same as outfielder Roberto Clemente. Leading the club with .340 is catcher Jack Shepard. Clemente, who insisted on playing despite a bad cold, hit a lead-off homer last night which turned out to be enough for the Pirate victory.

"That's the kind of spirit we have on this club," said Haney. "I'm not predicting where we will finish but we may give everyone a surprise."

HAVE 8 SURE STARTERS FOR DERBY EVENT
By ORLO ROBERTSON
LOUISVILLE, Ky. (AP)—The field for Saturday's running of the \$125,000 added Kentucky Derby today stood at eight definite and two probable starters after Flying Fury's thrilling but unimpressive victory in the Derby Trial.

On the definite list, as they have been all week, are Nashua, Summer Tan, Swamps, Racing Pool, Flying Fury, Jean's Joe, Blue Lem and Honeyals Alibi. The two probabilities are Nabesha and Trim Destiny.

Should all 10 start, the race will gross \$152,500 with the winner taking down a net of \$108,400. Thanks to an increase of \$25,000 in added money by Churchill Downs, the race is the richest in its 81 years.

No Upsets At Trial
There was nothing in the result of the trial yesterday to jar any of the followers of Nashua and Summer Tan.

Parl-mutuel officials predicted the big bay from William Woodward's Belair stud will open at 4 to 5 and possibly go off at even shorter odds. Nashua picked up additional supporters, both among horsemen and laymen, yesterday when he stepped a mile in 1 minute 37.6 seconds and worked out the full Derby distance of a mile and a quarter in 2 minutes 5.6 seconds.

The Derby record of 2:01.4 is held by Whirlaway. It was set in 1941. Summer Tan, carrying the hopes of Mrs. John W. Galbreath, of Galway, Ohio, was quoted at 2 to 1 with Rex Ellsworth's Swaps, choice of the West, third in line at 6 to 1.

One needs only to look at Flying Fury's time in the trial to see that neither he or any of those in back of him figure to menace the favorites. Flying Fury was clocked in 1:38 as he beat the Murcin Siable's Jean's Joe by a nose. That time was two fifths of a second slower than Nashua worked.

Elks Minstrel Show Draws Big Crowd: Snappy dances, hilarious comedy, good singing and attractive costumes and settings mingled to make the "Fashion Plate Revue and Minstrel" staged by local talent at the Majestic Theater Thursday evening for the benefit of the Gettysburg Lodge of Elks, one of the most entertaining home talent shows offered to local theatergoers in recent years.

The comedy was in the capable hands of C. E. "Whitney" Woodward, Carl Menchey, Richard Elsenhart and Lester Schoelkopf, on the heavy end of the black face roles.

The singing was of high order, particularly pleasing being the solo numbers of Miss Dorothy Gilbert, Miss Mary Culp, Miss Margaret Waters and Roy E. Zinn, the duets of the Misses Jeanne Knox and Madolyn Culp and the group selections.

The Elks netted about \$190 from the production.

Heads D.A.R.: Mr. J. Ellis Mangelman was elected regent of the Gettysburg chapter of the Daughters of the American Revolution Saturday afternoon at the home of Mrs. H. M. Hartman, Springs Ave.

Kate Gilbert; recording secretary, Mrs. C. Arthur Griest; corresponding secretary, Mrs. J. Allen Dearoff; curator, Mrs. J. P. Bigham, and color bearer, Mrs. Edgar Dearoff.

It was announced that the winners of the essay contest on the history of Adams county were Miss Alma Sheely, of New Oxford; Herbert Webb and Miss Geraldine Hartzell, of Gettysburg.

The club was informed that Mrs. H. D. Sheppard, of Hanover, the retiring regent, had given five hundred dollars in the name of the Gettysburg chapter for the Valley Forge Memorial window.

Gettysburgian Awarded Cup: Gettysburg college's weekly, "The Gettysburgian" was awarded first prize as the best newspaper at the Intercollegiate Newspaper association convention held at Bucknell university Friday and Saturday. Today's Talk

LOST PEOPLE
How many times I have seen an animal wandering about, with no ideas prompting it to a safe place or to the spot it may know as home. We human beings have a similar experience every now and then. It's a case of being lost.
Many years ago I visited the famous Edward Bok Tower and sanctuary at Lake Wales, Florida. It is a beautiful memorial to the high-minded editor who built one of the most notable of magazines, The Ladies' Home Journal. But what I can't forget is seeing a sign in the sanctuary, among the flowers, which said: "I come here often to find myself. It is so easy to get lost in the world." The one who wrote this beautiful sentiment was John Burroughs, the naturalist. A reader sent this to me, neatly painted on a leather design, it hangs over the log fireplace at my Nova Scotia island retreat.
I read an interesting comment on the Billy Graham meetings by Ernie Hill. He said: "Thousands of the people who come to hear him are lonely, disillusioned and in need of something around which to build their lives." They are lost; people trying to find a way to a happier life. Billy Graham has been giving to these people a road map with Faith pointing out the roads to take. We travel hopefully when we are convinced that we are not lost!
Unless we have some sort of guidance we can be in a very bad way. Lost people get confused. They worry. They do not always think of the obvious thing to do, which varies according to the circumstances. Lots of people get lost inside of themselves. If they would get out in the open and look about them, they might immediately wake up to find that they were really in the midst of their friends! Not lost at all. More and more as we wind our way through life, we need the guidance of our Heavenly Father. "It is so easy to get lost in the world."

Tomorrow Mr. Adams will talk on the subject, "Blind To Faults" Protected, 1955, George Mathew Adams Service

Just Folks

MAN'S GAVE NO PROBLEM
"Twist man's and woman's vast dominion."

There is a difference of opinion. A lady frets when this occurs: Another in a dress like hers.

She'll frown (you can depend upon it) Should some one buy the self-same bonnet.

But as for me, I wouldn't care Should I have like mine a million wear.

Life has grave problems to perplex us.

And trials various that vex us. But I don't worry or repine When some friend buys a suit like mine.

When men appear black-tied and coated, They're dressed alike, as can be noted.

But women suffer real distress When two select the self-same dress.

various adult homemakers groups are stressing the dissemination of information on the extension home economics service.

Will Practice Judging
Naugle reported plans to practice judging on the part of the county 4-H dairy club members this summer. Attinger said that the county round-up for the Baby Beef Club will be held November 8, followed by participation in the district 4-H Baby Beef roundup November 9 and 10 at Lancaster.

Attinger also reported that two ornamental horticulturists from Pennsylvania State University visited the county to provide information in connection with ornamental plantings on farms, homes and some churches and to visit the greenhouses of the county to give such information as needed by that group.

County Agent Frank Zettie reported that the "Farm and Home Planning" group will hold its final meeting tonight.

Discuss All Programs
Zettie said the experimental unit, first of its kind in the county, had "proved very successful." The unit consisted of five couples who in a series of six meetings discussed every phase of the farm and home development programs to determine "what we want and how to get it."

The final meeting, tonight at the Adams Electric Cooperative building, will summarize the sessions and also take up the question of economical use of machinery on the farm. Zettie reported that the brucellosis test in Highland Twp. showed only a 38 per cent infection which he described as "a very good report."

Call For Advice
Reports at the meeting indicated that farmers in greatly increasing numbers are telephoning the county agent's office for advice. The two weeks long rainy spell which upset fruit spray schedules and the interest in combating spittle bug and alfalfa weevil has accounted for much of the additional telephone use, Zettie estimated. The three county agents said they plan to work out a schedule by which one of them will be in the office at all times to handle the volume of phone calls.

Myles Starnes and Mrs. Emory Gitt reported on a recent extension conference attended by them at Lancaster. Starnes also reported on the IFYE program that will bring four young men from India here this week.

Howard Waybright spoke on the new county organizational set up of the artificial breeding cooperative. Next meeting of the group will be held June 24 at the home of Mrs. Howard Schwartz, Barlow.

WM. LIVENGOOD RETIRE FROM STATE POSITION

HARRISBURG (P) — William S. Livengood Jr. retired Tuesday as the commonwealth's secretary of internal affairs — a post he had held for 16 years under four Republican governors.

He was succeeded in the \$15,000-a-year job by Miss Genevieve Blatt, the first woman to be elected to statewide office in Pennsylvania.

Before retiring to devote his time to a law practice in Harrisburg, however, the veteran state official reiterated his opposition to a House-passed proposal which would allow Pennsylvania's governor to succeed himself in office.

"The very thought of such a possibility should cause any student of government to shake in his boots," Livengood said last night at a dinner given in his honor by employees of the Internal Affairs Department.

"Waste, Bickering"
Such a law, Livengood said, would result in "great waste and bickering."

Instead, he urged that "patronage power" held by the governor be cut by returning certain powers to the offices of state treasurer, auditor general and internal affairs secretary.

Livengood described the office of governor in Pennsylvania as one "carrying too much power for one man to wield."

By restoring powers to the other three offices, he declared "we would take away from the governor much of the patronage which

Swarthmore Prof. Takes Own Life

SWARTHMORE, Pa. (P) — Dr. John R. Kline, mathematics professor at the University of Pennsylvania, was found hanged in a closet in the guest room of his home Monday night.

His wife found the body hanging from two belts on a clothespole. She notified a neighbor, Harold Ogram, vice president of the First National Bank of Delaware County, who called a physician and then unhooked the belts.

Dr. Kline, 63, gave up the chairmanship of the mathematics department at Penn last December, because of illness, a spokesman said. Friends said he had been in ill health for more than a year. Dr. Kline retained his post as Thomas A. Scott professor of mathematics.

A native of Quakertown, Dr. Kline graduated from Muhlenberg College in 1912.

he presently has, and by which he may force his will upon the people."

The House-passed bill, now in Senate committee, calls for a constitutional amendment to allow the governor to succeed himself.

Livengood said he agreed with the late Dr. Martin G. Brumbaugh, former Pennsylvania governor, when the latter said:

"If the governor were permitted to succeed himself, and his power to remain as it is or become greater, he could by the use of patronage practically dictate his renomination and influence the Legislature far beyond that which is good for either government or the people."

BABIES NEVER HAD IT BETTER THAN NOW IN U.S.

By DOROTHY ROE
AP Women's Editor

Babies never had it so good. The average modern baby uses 100 diapers a week, and has his pick of seven different styles, to say nothing of all the high-style diaper covers at his disposal.

Babies today are big business, says Robert Mandel, president of the Diaper Service Institute of America, whose member companies throughout the country wash, sterilize and deliver 40 million diapers a week.

"An Infant Industry"

"This is an infant industry," says Mandel unblushingly. "Although a few companies have been in business for a long time, the industry really got going after World War II. It is made up principally of ex-GIs who started in business after the war, and they're all go-getters."

In a modern diaper service plant, baby's garments go through a wash formula for more than an hour, then through a sterilizer and into dryers which turn them out soft, fluffy and as antiseptic as a hospital bandage. Special formulas are used to prevent odors, to banish germs, to prevent irritation and to kill any bacteria that may come in contact with the diaper from the air after laundering.

Service Man Does It

All Mom has to do is toss baby's pants into a special sanitary, deodorized container, let the diaper service man pick up the bundle once a week and get a fresh stack of supersanitary replacements.

As to fashions—baby can choose among square or rectangular diapers, form-fitting, hourglass shapes, pin-free form-fit styles with adjustable snaps, and knit rectangular shapes that stretch to fit.

FAIRS MAY GET COUNTY HELP

HARRISBURG (P) — Legislation authorizing county commissioners to appropriate up to \$5,000 a year to non-profit county fair associations won final approval in the General Assembly Monday night. The Senate passed a previously House-approved measure, 36-6, despite objections of Sen. Harry F. Seyler (D-York).

Seyler termed the county fair associations "self supporting" institutions which are "doing very well." He said there is "no need for this bill."

"This bill will only open the way to making them (the associations) a political football," Seyler said in a brief speech.

"It is more important to keep the associations out of politics than to give them a \$5,000 grant."

Sen. William J. Lane (D-Washington), who serves also as a county commissioner, opposed Seyler in debate confined solely to the Democratic side.

"Commissioners already can appropriate the sum of \$1,000 to county fair associations and in addition have the authority to underwrite any deficit," Lane said, terming the measure "a good bill."

Voting with Seyler against the measure were Sens. Anthony J. DiSilvestro (D-Phila.), Benjamin R. Donolow (D-Phila.), Charles R.

3 FUGITIVES ARE CAPTURED; ONE IS KILLED

CANTON, N.Y. (P) — A manhunt through northern New York wilderness has ended where it began—in St. Lawrence County Jail, from which four men fled Wednesday.

Freshly shaven and clothed, Patrick Brooks, 26, of Gabriels, walked quietly into the main jail office at 9:06 p.m. Monday. A friend drove him from the swampy woodland where he had been hunted since Friday. Two children rode with them.

The final score stood: one desperado dead, one wounded and two in custody. A state trooper was recovering from his wounds. Leon Caskinette, 24, was taken after a gun battle Friday. Frank Talarico, 44, Utica, and Ralph La Shomb, 29, were shot when troopers found them Monday morning. Talarico was killed.

200 In Hunt
More than 200 state police, sheriff's deputies and volunteers took part in the manhunt in rough country near the Canadian border.

Louis Greenwood, 38, said Brooks appeared at his house 13 miles north of Potsdam about 8 p.m. and asked for food. Greenwood's sister is married to Brooks' brother.

Greenwood said his wife gave Brooks a meal. Then the couple urged him to surrender.

In discussing the wounding of the trooper, Greenwood said Brooks raised his right hand and declared, "I swear to God I never used a gun."

Brooks agreed to surrender. Greenwood said, on condition that Greenwood's car be used for the trip and "don't let the police get me."

Kept His Vow
Patricia Greenwood, the couple's 12-year-old neighbor, rode with them to Canton.

Earlier in the day, Talarico, a three-time felony loser known as the Hook, kept his vow that he would never be taken alive. Nine troopers found him and La Shomb in a clearing on a farm near Hopkinton and shot them.

La Shomb was taken to Potsdam General Hospital, where his right leg was amputated. His condition was reported fair today.

Trooper Austin J. McDonagh, 34, of Malone, was recovering today at a Malone hospital from shoulder and leg wounds suffered in the gun battle Friday in which Caskinette was captured.

Alfalfa developed in the eastern Mediterranean, went to Italy in the 1st century A. D., was taken from Spain to America in the 16th century but was practically unknown in the United States until the middle of the 19th century.

After Wavering Briefly, State Dept. Goes All-Out For Free Viet Nam's Premier Ngo Diem

By JOHN SCALI

WASHINGTON (AP)—The State Department, after wavering briefly, reportedly has decided on all-out support for free Viet Nam's Premier Ngo Dinh Diem in the face of French and some Vietnamese opposition.

Special Ambassador J. Lawton Collins, it was learned Tuesday, has been instructed to give Diem 100 per cent backing, scrapping plans

which might have curbed Diem's authority. New directives were said to have been sent to Collins while he was flying back to Saigon. At the same time, the United States was understood to have requested both France and absentee Vietnamese chief of state Bao Dai, now living on the French Riviera, to throw their full support behind Diem.

This plea reportedly was bol-

stered by an implied threat to cut off American military and economic aid if French authorities and Bao Dai continued to oppose Diem.

The freshly forged policy grows out of Diem's apparent success in crushing an attempted rebellion by political opponents and in rallying broad support from anti-communist groups in South Viet Nam.

Until the shooting broke out in Saigon last Wednesday, American officials were known to be drafting "alternative" plans for changing Diem's government — plans which involved concessions to his foes. Collins helped draft these new plans while here for consultations last week.

French Seek Stability

The State Department tossed out Monday a broad hint American policy might even include approval

of possible ouster of Bao Dai. Paris dispatches reported last night that the French were now prepared to "sacrifice" Bao Dai if that becomes necessary to restore stability to Southern Indo-China.

Add shrimp, lobster or crabmeat—or all three—to frozen condensed fish chowder; dilute with light cream. Heat according to directions on can and serve with chopped chives or parsley. Makes a wonderful company lunch along with a salad and hot rolls.

For your first-asparagus-of-the-season lunch or supper: cook the vegetable until just tender crisp and serve with stuffed eggs heated in a well-seasoned cream sauce.

OPPOSITION TO FOREIGN TRADE BILL DISOLVES

WASHINGTON (AP)—Sen. Byrd (D-Va.) said Tuesday most Senate opposition to the liberalized foreign trade bill appeared to have disappeared.

Byrd, floor manager for the bill, said in advance of a second day of floor debate there is a possibility of an agreement to limit debate starting today and that the bill might pass without change this evening.

"That would be three days, and

might take 30 days," he said. Majority Leader Lyndon B. Johnson (D-Tex.) said he was working on a time limitation agreement.

Such an agreement requires unanimous consent. Its fate appeared to be largely up to Sen. Malone (R-Nev.), bitter foe of the reciprocal trade program.

Only Few To Oppose

Malone conceded in a separate interview he believes there will be only a few votes against the measure on passage.

A rewriting job done on the trade bill by the Finance Committee, which Byrd heads, appeared to have quieted much of the opposition.

The committee preserved the key features of the bill requested by President Eisenhower and passed by the House. These extend the

reciprocal trade program three years and give the chief executive additional powers to cut tariffs during that period by 15 per cent.

But the committee wrote in some additional authority for the President to curb imports if he believed this essential to protect an industry important to national security.

It also softened textile state opposition to the measure by making changes to prevent double tariff cuts on all products involved in current trade pact talks with Japan.

The committee amendments were largely acceptable to the administration.

Pumping Equipment Will Be Displayed

Residents of Carlisle and the surrounding area are invited to preview the latest in pumping equipment for a modern electric water system, now on display in the store and show room of Frank L. Black, Inc., Carlisle R. 6.

Being held in connection with the seventh consecutive annual observance of National Water Systems Month, the special showing will continue through May.

Without running water, no home can have a modern kitchen, a bathroom and powder room, nor can it be equipped with any of the numerous related time-and-work-saving appliances requiring running water for their operation, such as an automatic clothes washer, dishwasher and water heater, it was pointed out.

Without running water under pressure, the family living in the country lacks the means of controlling sudden fires until fire-fighting reinforcements arrive from the nearest town. Rural fire losses currently are running well over the \$100,000,000 mark annually.

MRS. BARTLETT: I've been wondering . . . since I already belong to BLUE CROSS and have a Standard Contract, is it possible for me to change to your other plan, the Cooperative Contract, NOW?

MR. GONZALEZ: Yes, it is. Many who now are members or about to join have a choice of two contracts—the Standard or the Cooperative.

MRS. BARTLETT: What about the benefits provided under the Cooperative Contract? Are they different from those of the Standard Contract?

MR. GONZALEZ: The only difference is that under the Standard Contract there is a limit of \$25.00 on Laboratory examinations and \$35.00 on X-ray examinations during the first 15 days of a hospital stay. Under the Cooperative Contract those services are provided as needed with no cash limitations.

The Junior Fellowship members then held a surprise party in honor of their adult supervisor, Mrs. Miller, who celebrated her birthday on Tuesday. Mrs. Miller received gifts and was also presented with a birthday cake. Refreshments were then served.

TANEY ANTIQUES LURE CROWDS

Taney antiques lured hundreds of people to the Emmitsburg area Saturday for an executive sale of personal property in the estate of the late Alice Louise Taney, a direct descendant of the famous Supreme Court justice.

The antiques and other personal property sold for a total of over \$7,200.

In addition to a throng of area bidders, the sale attracted bidders from Baltimore, Washington, Pennsylvania, and Ohio. It took from 10 a.m. to 6:15 p.m. to dispose of the items.

Top bid was placed on a Chippendale walnut slant top desk which brought \$920. A grandfather's clock, bearing the name plate of the maker, Hoover of Emmitsburg, sold for \$485.

A rare Windsor comb back porch bench, which was in good condition, brought \$235. Adams chairs brought \$26 each and a Windsor arm rocker went for \$105. A mahogany tester bed was sold for \$140 and an all-walnut drop leaf table brought an even \$100. Dresden china, old books and other attractive items sold as well.

"Taps." Troop 16 will meet again next Tuesday at 7 p.m.

Miss Nancy Renner, daughter of Mr. and Mrs. Roy D. Renner, Littlestown R. 1, was recently initiated into Beta Beta Beta, national honorary biological fraternity at Thiel College, Greenville, where she is a junior. Miss Renner is an elementary education student at the college.

I wanted the answers from Blue Cross about the Cooperative Contract, so I asked the enrollment director.* Here's what he said:

* O. Leon Gonzalez, Enrollment Director of Blue Cross in Central Pennsylvania

MRS. BARTLETT: If I should change to the Cooperative Contract, would my membership rate be lower?

MR. GONZALEZ: Yes, because under the Cooperative Contract you assume a small part of the financial responsibility for your hospital care. If you enter a hospital, you pay \$2.50 a day for the first 20 days of care allowed in any contract year. Sometimes it is a long time before you or your family require hospitalization. In the meantime, you save substantially by the lower "Cooperative" membership rate.

MRS. BARTLETT: I can see how the Cooperative Contract could reduce the cost of my Blue Cross protection. If I decide to change, how and when may I do so?

MR. GONZALEZ: Most members are given an opportunity to change now. Simply return the card you receive from Blue Cross, marked with your choice of contract. In the future, this change cannot be made until the anniversary date of your contract.

WM. LIVENGOOD RETIRES FROM STATE POSITION

HARRISBURG (AP) — William S. Livengood Jr. retired Tuesday as the commonwealth's secretary of internal affairs — a post he had held for 16 years under four Republican governors.

He was succeeded in the \$15,000-a-year job by Miss Genevieve Blatt, the first woman to be elected to statewide office in Pennsylvania.

Before retiring to devote his time to a law practice in Harrisburg, however, the veteran state official reiterated his opposition to a House-passed proposal which would allow Pennsylvania's governor to succeed himself in office.

"The very thought of such a possibility should cause any student of government to shake in his boots," Livengood said last night at a dinner given in his honor by employees of the Internal Affairs Department.

"Waste, Bickering"

Such a law, Livengood said, would result in "great waste and bickering."

Instead, he urged that "patronage power" held by the governor be cut by returning certain powers to the offices of state treasurer, auditor general and internal affairs secretary.

Livengood described the office of governor in Pennsylvania as one "carrying too much power for one man to wield."

By restoring powers to the other three offices, he declared, "we would take away from the governor much of the patronage which

Swarthmore Prof. Takes Own Life

SWARTHMORE, Pa. (AP) — Dr. John R. Kline, mathematics professor at the University of Pennsylvania, was found hanging in a closet in the guest room of his home Monday night.

His wife found the body hanging from two belts on a clothespole. She notified a neighbor, Harold Ogram, vice president of the First National Bank of Delaware County, who called a physician and then unhooked the belts.

Dr. Kline, 63, gave up the chairmanship of the mathematics department at Penn last December, because of illness, a spokesman said. Friends said he had been in ill health for more than a year. Dr. Kline retained his post as Thomas A. Scott professor of mathematics.

A native of Quakertown, Dr. Kline graduated from Muhlenberg College in 1912.

he presently has, and by which he may force his will upon the people."

The House-passed bill, now in Senate committee, calls for a constitutional amendment to allow the governor to succeed himself.

Livengood said he agreed with the late Dr. Martin G. Brumbaugh, former Pennsylvania governor, when the latter said:

"If the governor were permitted to succeed himself, and his power to remain as it is or become greater, he could by the use of patronage practically dictate his re-election and influence the Legislature far beyond that which is good for either government or the people."

BABIES NEVER HAD IT BETTER THAN NOW IN U.S.

By DOROTHY ROE
AP Women's Editor

Babies never had it so good.

The average modern baby uses 100 diapers a week, and has his pick of seven different styles, to say nothing of all the high-style diaper covers at his disposal.

Babies today are big business, says Robert Mandel, president of the Diaper Service Institute of America, whose member companies throughout the country wash, sterilize and deliver 40 million diapers a week.

"An Infant Industry"

"This is an infant industry," says Mandel unblushingly. "Although a few companies have been in business for a long time, the industry really got going after World War II. It is made up principally of ex-GIs who started in business after the war, and they're all go-getters."

In a modern diaper service plant, baby's garments go through a wash formula for more than an hour, then through a sterilizer and into dryers which turn them out soft, fluffy and as antiseptic as a hospital bandage. Special formulas are used to prevent odors, to banish germs, to prevent irritation and to kill any bacteria that may come in contact with the diaper from the air after laundering.

Service Man Does It

All Mom has to do is toss baby's pants into a special sanitary, deodorized container, let the diaper service man pick up the bundle once a week and get a fresh stack of supersanitary replacements.

As to fashions—baby can choose among square or rectangular diapers, form-fitting, hourglass shapes, pin-free form-fit styles with adjustable snaps, and knitted rectangular shapes that stretch to fit.

FAIRS MAY GET COUNTY HELP

HARRISBURG (AP) — Legislation authorizing county commissioners to appropriate up to \$5,000 a year to non-profit county fair associations won final approval in the General Assembly Monday night.

The Senate passed a previously House-approved measure, 36-6, despite objections of Sen. Harry F. Seyler (D-York).

Seyler termed the county fair associations "self supporting" institutions which are "doing very well." He said there is "no need for this bill."

"This bill will only open the way to making them (the associations) a political football," Seyler said in a brief speech.

"It is more important to keep the associations out of politics than to give them a \$5,000 grant."

Sen. William J. Lane (D-Washington), who serves also as a county commissioner, opposed Seyler in debate confined solely to the Democratic side.

"Commissioners already can appropriate the sum of \$1,000 to county fair associations and in addition have the authority to underwrite any deficit," Lane said, terming the measure "a good bill."

Voting with Seyler against the measure were Sens. Anthony J. DiSilvestro (D-Phila), Benjamin R. Donolow (D-Phila), Charles R.

3 FUGITIVES ARE CAPTURED; ONE IS KILLED

CANTON, N.Y. (AP) — A manhunt through northern New York wilderness has ended where it began — in St. Lawrence County Jail, from which four men fled Wednesday.

Freshly shaven and clothed, Patrick Brooks, 26, of Gabriels, walked quietly into the main jail office at 9:06 p.m. Monday. A friend drove him from the swampy woodland where he had been hunted since Friday. Two children rode with them.

The final score stood: one desperado dead, one wounded and two in custody. A state trooper was recovering from his wounds.

Leon Caskinette, 24, was taken after a gun battle Friday. Frank Talarico, 44, Utica, and Ralph LaShomb, 29, were shot when troopers found them Monday morning. Talarico was killed.

200 In Hunt

More than 200 state police, sheriff's deputies and volunteers took part in the manhunt in rough country near the Canadian border.

Louis Greenwood, 38, said Brooks appeared at his house 13 miles north of Potsdam about 8 p.m. and asked for food. Greenwood's sister is married to Brooks' brother.

Greenwood said his wife gave Brooks a meal. Then the couple urged him to surrender.

In discussing the wounding of the trooper, Greenwood said Brooks raised his right hand and declared, "I swear to God I never used a gun."

Brooks agreed to surrender. Greenwood said, on condition that Greenwood's car be used for the trip and "don't let the police get me."

Kept His Vow

Patricia Greenwood, the couple's 12-year-old neighbor, rode with them to Canton.

Earlier in the day, Talarico, a three-time felony loser known as The Hook, kept his vow that he would never be taken alive. Nine troopers found him and LaShomb in a clearing on a farm near Hopkinton and shot them.

LaShomb was taken to Potsdam General Hospital, where his right leg was amputated. His condition was reported fair today.

Trooper Austin J. McDonagh, 34, of Malone, was recovering today at a Malone hospital from shoulder and leg wounds suffered in the gun battle Friday in which Caskinette was captured.

RED CHINA IS MOVING AHEAD AGAINST FOES

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — The Red Chinese, by design or necessity, have played it pretty cute since the Korean War. It's almost as if a public relations man had told them:

"Don't push your luck. Next time don't just jump into war. That's the hard way. Next time give yourself time to see what American public opinion is. That may let you know how far you can go, and what you can get, without war."

The Communists, by stopping United Nations forces in Korea, built up their prestige and self-confidence. But they lost heavily in men and supplies.

Their lack of readiness may be the real reason they haven't started shooting again. But, at the same time, Korea gave them a

sharp insight into American thinking.

The Americans not only wanted to get out of the Korean War but were then and thereafter reluctant to get into war in Asia, where they could strip themselves bare of men and resources.

Turned On France
The Chinese Communists first move after Korea was to help Ho Chi Minh and his Communist-led Vietnam whip the French in Indochina. They could have sent armies in to help him.

But Secretary of State Dulles warned — or maybe it wasn't a warning, because his language was so vague — that the United States would get into the Indochina fighting if the Red Chinese marched in.

Instead of sending in troops, the Reds pumped supplies and expert advisers into Indochina. Ho Chi Minh smashed the French. The United States did not go in. American allies wouldn't go in and the United States would not go in alone.

This was more evidence for the Reds of American reluctance to get into a fight in Asia. It must have been encouragement for them to make push again—which they

did—without starting to shoot right away.

Threat To Formosa
Their next move: threats to capture Formosa and the Matsu and Quemoy islands. They made no attempt to do so. By waiting they were able to learn what Americans thought of getting into war over the islands.

American opinion stiffened on defending Formosa. A Chinese attack on that almost certainly, at least right now, would mean war with the United States. But American opinion was divided on defending Quemoy and Matsu.

In the end, if the Reds are patient, this country may let them have Matsu and Quemoy. Meanwhile, they build up their air power as a threat to Quemoy and Matsu. Maybe when they feel strong enough they'll start a war by attacking the islands.

But why should they, if by waiting a little longer they may get them free, as they may? Their air power buildup may be a psychological needle on the American people: to pressure the administration into giving up Matsu and Quemoy since otherwise there is a chance of war.

TEAR GAS ENDS HOLDOUT BY GUN BRANDISHING J.P.

BETHEL, Vt. (AP) — A barrage of tear gas has ended the holdout of gun-toting Justice of the Peace Manuel Miller, 47, who stood off federal and state authorities for 12 hours yesterday in a futile attempt to keep his wife out of a Miller and his wife, Lucille, 44, parents of three children, surrendered last night in their gas-filled home—she to face confinement in St. Elizabeth's Hospital, Washington, D.C.; he to face as yet undetermined federal charges.

The mild-mannered Miller, a school committeeman and former selectman, began the siege at 10 a.m. EST, when he refused admittance to U. S. Marshal Dewey H. Perry bearing a federal order for Mrs. Miller's commitment.

Mrs. Miller publisher of a mimeographed anti-Communist leaflet called The Green Mountain Rifleman, was adjudged insane in Federal Court at Burlington April 18 as the outgrowth of an indictment charging her with influencing young men to evade the draft.

Throughout the day, Miller, armed with a rifle, defied all efforts by authorities to remove his wife from their two-story frame home. He ordered out Vermont Public Safety Commissioner William H. Baumann at gunpoint.

After 12 hours siege authorities fired tear gas shells through downstairs windows of the Miller home. Ten minutes later, the couple appeared at an upstairs window.

No Shots Fired
Miller crawled through the window onto a porch roof.

"All right, fellows," he called. He threw his rifle to the ground. State troopers swarmed on the roof and handcuffed him.

Miller was taken to Windsor County Jail. U. S. Marshal Perry said charges probably would be lodged against him.

Although no shots were fired during the 12-hour siege, Miller repeatedly told besiegers:

"I will prevent any intruder from crossing my threshold."

Yanks Seek Funds For Moscow Trip

NEW YORK (AP) — Ten American veterans today still were seeking funds for a trip to Moscow for a reunion with the Soviet soldiers they met at the Elbe River during World War II.

The 10 were stranded here yesterday after it turned out they hadn't sufficient funds to reach Paris. Transportation from Paris to Moscow was assured them by the Soviet government.

The Moscow reunion, part of the Soviet celebration of the 10th anniversary of victory over Nazi Germany, is set for May 9. The Americans were invited by the Soviet government.

Joseph Polowsky, of Chicago, head of the group, appealed for funds. He said he is determined to make the trip, even if the others cannot.

FOREIGN TRADE BILL UP TODAY FOR DECISION

WASHINGTON (AP) — The Senate begins voting today on President Eisenhower's foreign trade bill with its sponsors confident they can beat any crippling amendments. Final passage was expected by tonight.

Eisenhower has called the bill one of the most vital in his 1953 program and has said enlightened trade policies among free world nations can be the key to peace.

Nevertheless, it met considerable opposition in Congress because of fears that any new tariff concessions would seriously harm certain American industries.

The bill would extend the 2-year-old reciprocal trade law three more years, and give the chief executive new authority to cut tariffs another 15 per cent in exchange for trade concessions from other nations.

It passed the House after several narrow escapes on roll calls. In the Senate, the Finance Committee worked eight weeks and finally came up with a version which appears to have averted an expected close floor fight.

Some Narrow Escapes
The committee's version preserves the key features of the President's bill. It also gives the President some added authority to curb imports of specific products if he decides they might affect national security.

Some Name Calling
Sen. Douglas (D-Ill.) in a lengthy speech last night called the bill "namby-pamby" and "innocuous," claiming it provides little real additional power to broaden trade.

He said Eisenhower has "failed to give leadership" in the trade fight, but that Democrats would support the bill even though "its chief value is symbolic."

FAIL TO BLOCK SLASH IN ARMY

WASHINGTON (AP) — A House Appropriations subcommittee has rejected a move aimed at avoiding a planned cut of 75,000 in Army strength during the coming fiscal year.

Rep. Flood (D-Pa.) disclosed today he had failed in an effort to get the subcommittee to add about 750 million dollars to funds for the Army during the year starting July 1. He told newsmen he would try again tomorrow when the full Appropriations Committee meet to consider a multibillion-dollar bill to finance the armed services.

If necessary, he said, he will carry his fight to the House floor.

Opposed By Ridgway
The administration's defense policy—based on greater reliance on air power and new weapons—contemplates scaling down all of the armed services except the Air Force. Plans call for the Army to be down to 1,102,000 men by June 30, 1956.

Gen. Matthew B. Ridgway, Army chief of staff, has opposed the Army cut, contending atomic age warfare calls for more, rather than fewer, fighting men.

Flood paralleled Ridgway's argument in saying "I cannot agree that atomic warfare presupposes the need for fewer ground troops."

Steel producing operations require about \$150 worth of bricks for every ton of steel.

PHILADELPHIA (AP) — A Pennsylvania Railroad express train ran over a man yesterday just before the train reached the North Philadelphia station.

Detective Edward Bongard said he found a battered wallet on the scene which contained two cards carrying the name of Edward J. Kevel, of Grand Pine Rd., Levittown, Pa.

Engineer B. W. White told railroad officials the man was standing beside the track when the locomotive was about 100 yards away and then lay across the track.

Further information on the two cards described the man as a one-time claim agent in the legal department of the PRR.

Pumping Equipment Will Be Displayed

Residents of Carlisle and the surrounding area are invited to preview the latest in pumping equipment for a modern electric water system, now on display in the store and show room of Frank L. Black, Inc., Carlisle R. 6.

Being held in connection with the seventh consecutive annual observance of National Water Systems Month, the special showing will continue through May.

Without running water, no home can have a modern kitchen, a bathroom and powder room, nor can it be equipped with any of the numerous related time-and-work-saving appliances requiring running water for their operation, such as an automatic clothes washer, dishwasher and water heater, it was pointed out.

Without running water under pressure, the family living in the country lacks the means of controlling sudden fires until fire-fighting reinforcements arrive from the nearest town. Rural fire losses currently are running well over the \$100,000,000 mark annually.

Albert and Shelley Miller.

The group then had rehearsal for the Night of Music to be presented on Sunday, May 15, 7:30 p. m., under the sponsorship of the Fellowship. There will be vocal and instrumental music. Following brief devotions at the meeting next Monday at 7 p. m., there will be another rehearsal for the musical. Final plans will also be made for the presentation.

Under the supervision of Mrs. Albert H. Miller Jr., adult supervisor of the group; the pastor, the Rev. Herman E. Stenker, and Mrs. William Fuss, the boys and girls made May baskets to give to their mothers on Mother's Day. The children then gave items to pack a sunshine basket for Paul Furlow, who has been shut-in since his accident in December, and the basket was then packed.

The Junior Fellowship members then held a surprise party in honor of their adult supervisor, Mrs. Miller, who celebrated her birthday on Tuesday. Mrs. Miller received gifts and was also presented with a birthday cake. Refreshments were then served.

I wanted the answers from Blue Cross about the Cooperative Contract, so I asked the enrollment director.* Here's what he said:

* O. Leon Gonzalez, Enrollment Director of Blue Cross in Central Pennsylvania

MRS. BARTLETT: I've been wondering . . . since I already belong to BLUE CROSS and have a Standard Contract, is it possible for me to change to your other plan, the Cooperative Contract, NOW?

MR. GONZALEZ: Yes, it is. Many who now are members or about to join have a choice of two contracts—the Standard or the Cooperative.

MRS. BARTLETT: If I should change to the Cooperative Contract, would my membership rate be lower?

MR. GONZALEZ: Yes, because under the Cooperative Contract you assume a small part of the financial responsibility for your hospital care. If you enter a hospital, you pay \$2.50 a day for the first 20 days of care allowed in any contract year. Sometimes it is a long time before you or your family require hospitalization. In the meantime, you save substantially by the lower "Cooperative" membership rate.

MRS. BARTLETT: What about the benefits provided under the Cooperative Contract? Are they different from those of the Standard Contract?

MR. GONZALEZ: The only difference is that under the Standard Contract there is a limit of \$25.00 on Laboratory examinations and \$35.00 on X-ray examinations during the first 15 days of a hospital stay. Under the Cooperative Contract those services are provided as needed with no cash limitations.

MRS. BARTLETT: I can see how the Cooperative Contract could reduce the cost of my Blue Cross protection. If I decide to change, how and when may I do so?

MR. GONZALEZ: Most members are given an opportunity to change now. Simply return the card you receive from Blue Cross, marked with your choice of contract. In the future, this change cannot be made until the anniversary date of your contract.

If you and your family are not BLUE CROSS members, mail this coupon for full details today.

A Check-List For Your Guidance

RED CHINA IS MOVING AHEAD AGAINST FOES

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — The Red Chinese, by design or necessity, have played it pretty close since the Korean War. It's almost as if a public relations man had told them:

"Don't push your luck. Next time don't jump into war. That's the hard way. Next time give yourself time to see what American public opinion is. That may let you know how far you can go, and what you can get, without war."

The Communists, by stopping United Nations forces in Korea, built up their prestige and self-confidence. But they lost heavily in men and supplies.

Their lack of readiness may be the real reason they haven't started shooting again. But, at the same time, Korea gave them a

sharp insight into American thinking.

The Americans not only wanted to get out of the Korean War but were then and thereafter reluctant to get into war in Asia, where they could strip themselves bare of men and resources.

Turned On France

The Chinese Communists first move after Korea was to help Ho Chi Minh and his Communist-led Vietnam whip the French in Indochina. They could have sent armies in to help him.

But Secretary of State Dulles warned — or maybe it wasn't a warning, because his language was so vague — that the United States would get into the Indochina fighting if the Red Chinese marched in.

Instead of sending in troops, the Reds pumped supplies and expert advisers into Indochina. Ho Chi Minh smashed the French. The United States did not go in. American allies wouldn't go in and the United States would not go in alone.

This was more evidence for the Reds of American reluctance to get into a fight in Asia. It must have been encouragement for them to make push again — which they

did — without starting it shoot right away.

Threat To Formosa

Their next move: threats to capture Formosa and the Matsu and Quemoy Islands. They made no attempt to do so. By waiting they were able to learn what Americans thought of getting into war over the islands.

American opinion stiffened on defending Formosa. A Chinese attack on that almost certainly, at least right now, would mean war with the United States. But American opinion was divided on defending Quemoy and Matsu.

In the end, if the Reds are patient, this country may let them have Matsu and Quemoy. Meanwhile, they build up their air power as a threat to Quemoy and Matsu. Maybe when they feel strong enough they'll start a war by attacking the islands.

But why should they, if by waiting a little longer they may get them free, as they may? Their air power buildup may be a psychological needle on the American people: to pressure the administration into giving up Matsu and Quemoy since otherwise there is a chance of war.

TEAR GAS ENDS HOLDOUT BY GUN BRANDISHING J.P.

BETHEL, Vt. (AP) — A barrage of tear gas has ended the holdout of gun-toting Justice of the Peace Manuel Miller, 47, who stood off federal and state authorities for 12 hours yesterday in a futile attempt to keep his wife out of a Miller and his wife, Lucille, 44, parents of three children, surrendered last night in their gas-filled home — she to face confinement in St. Elizabeth's Hospital, Washington, D.C.; he to face as yet undetermined federal charges.

The mild-mannered Miller, a school committee member and former selectman, began the siege at 10 a.m. EST, when he refused admittance to U. S. Marshal Dewey H. Perry bearing a federal order for Mrs. Miller's commitment.

Mrs. Miller publisher of a mimeographed anti-Communist leaflet called The Green Mountain Rifleman, was adjudged insane in Federal Court at Burlington April 18 as the outgrowth of an indictment charging her with influencing young men to evade the draft.

Throughout the day, Miller, armed with a rifle, defied all efforts by authorities to remove his wife from their two-story frame home. He ordered out Vermont Public Safety Commissioner William H. Baumann at gunpoint.

After 12 hours siege authorities fired tear gas shells through downstairs windows of the Miller home. Ten minutes later, the couple appeared at an upstairs window.

No Shots Fired

Miller crawled through the window onto a porch roof.

"All right, fellows," he called. "He threw his rifle to the ground. State troopers swarmed on the roof and handcuffed him.

Miller was taken to Windsor County Jail. U.S. Marshal Perry said charges probably would be lodged against him.

Although no shots were fired during the 12-hour siege, Miller repeatedly told besiegers:

"I will prevent any intruder from crossing my threshold."

Yanks Seek Funds For Moscow Trip

NEW YORK (AP) — Ten American veterans today still were seeking funds for a trip to Moscow for a reunion with the Soviet soldiers they met at the Elbe River during World War II.

The 10 were stranded here yesterday after it turned out they hadn't sufficient funds to reach Paris. Transportation from Paris to Moscow was assured them by the Soviet government.

The Moscow reunion, part of the Soviet celebration of the 10th anniversary of victory over Nazi Germany, is set for May 9. The Americans were invited by the Soviet government.

Joseph Polowsky, of Chicago, head of the group, appealed for funds. He said he is determined to make the trip, even if the others cannot.

FOREIGN TRADE BILL UP TODAY FOR DECISION

WASHINGTON (AP) — The Senate began voting today on President Eisenhower's foreign trade bill with its sponsors confident they can beat any crippling amendments. Final passage was expected by tonight.

Eisenhower has called the bill one of the most vital in his 1955 program and has said enlightened trade policies among free world nations can be the key to peace.

Nevertheless, it met considerable opposition in Congress because of fears that any new tariff concessions would seriously harm certain American industries.

The bill would extend the 2-year-old reciprocal trade law three more years, and give the chief executive new authority to cut tariffs another 15 per cent in exchange for trade concessions from other nations.

It passed the House after several narrow escapes on roll calls. In the Senate, the Finance Committee worked eight weeks and finally came up with a version which appears to have averted an expected close floor fight.

Some Narrow Escapes

The committee's version preserves the key features of the President's bill. It also gives the President some added authority to curb imports of specific products if he decides they might affect national security.

Some Name Calling

Sen. Douglas (D-Ill.) in a lengthy speech last night called the bill "mamby-pamby" and "innocuous," claiming it provides little real additional power to broaden trade.

He said Eisenhower has "failed to give leadership" in the trade fight, but that Democrats would support the bill even though "its chief value is symbolic."

KANSAS CITY (AP) — The Kansas City Athletics, a Philadelphia baseball firm for more than half a century, needed only 14 playing dates to attract more fans than the same club did in the Quaker City all last season.

Last night's 15,953 fans who watched the Athletics' 4-3 victory over the Baltimore Orioles brought the home attendance to 306,474. That's 1,808 more than the 304,666 who paid to see the A's in Philadelphia for 77 games last year.

FAIL TO BLOCK SLASH IN ARMY

WASHINGTON (AP) — A House Appropriations subcommittee has rejected a move aimed at avoiding a planned cut of 75,000 in Army strength during the coming fiscal year.

Rep. Flood (D-Pa.) disclosed today he had failed in an effort to get the subcommittee to add about 750 million dollars to funds for the Army during the year starting July 1. He told newsmen he would try again tomorrow when the full Appropriations Committee meet to consider a multibillion-dollar bill to finance the armed services.

If necessary, he said, he will carry his fight to the House floor.

Opposed By Ridgway

The administration's defense policy — based on greater reliance on air power and new weapons — contemplates scaling down all of the armed services except the Air Force. Plans call for the Army to be down to 1,102,000 men by June 30, 1956.

Gen. Matthew B. Ridgway, Army chief of staff, has opposed the Army cut, contending atomic warfare calls for more, rather than fewer, fighting men.

Flood paralleled Ridgway's argument in saying "I cannot agree that atomic warfare presupposes the need for fewer ground troops."

Steel producing operations require about \$150 worth of bricks for every ton of steel.

Mr. Hahn's parents' Mr. and Mrs. Charles Hahn, near Taneytown.

Ex-Claim Agent Crushed By Train

PHILADELPHIA (AP) — A Pennsylvania Railroad express train ran over a man yesterday just before the train reached the North Philadelphia station.

Detective Edward Bongard said he found a battered wallet on the scene which contained two cards carrying the name of Edward J. Kevell, of Grand Pine Rd., Levittown, Pa.

Engineer B. W. White told railroad officials the man was standing beside the track when the locomotive was about 100 yards away and then lay across the track.

Further information on the two cards described the man as a one-time claim agent in the legal department of the PRR.
